

30's Pot Holder's

Fort Worth Fabric Studio
Designed by: Lindsey Weight

Read all instructions before starting. All seams are 1/4", unless otherwise stated. Do no sell or distribute without owners consent.

Cutting instructions will make two potholders

Cutting:

- 1 - 4 1/4" square of yellow (cut into quarters diagonally)
- 1 - 4 1/4" square of blue (cut into quarters diagonally)
- 16 - 2" x 6 1/4" strips (various prints)
- 2 - 4" x 2.5" strips (for hanging loop)
- 2 - 10" x 10" squares (for backing)
- 2 - 2.5" x Width of fabric strips (for binding)

Block Assembly

Take two yellow triangles, and two blue triangles. Sew them into sets of two.

Now sew your two sets together, to make an hour-glass block.

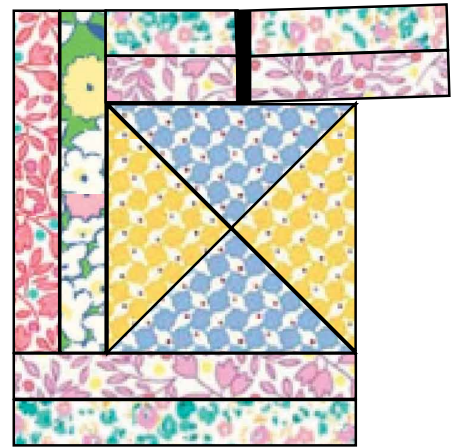

Take two strips and sew them together. Make four sets of two strips.

Now RST sew a strip set to the top of your block. Only do a partial seam. Sew until you reach the dark black line.

Now sew the left strip set on. You will do a complete seam.

Now sew the bottom strip set on. You will do a complete seam.

Now sew the right strip set on. You will do a complete seam.

Now finish the partial seam on the top. Fold the top strip over so you have the top right sides together and they are lined up, and complete the partial seam.

Now it's time to quilt. Baste and quilt your two pot holders with your preferred method. I chose to do some straight line quilting on mine. Before you bind, you will attach your hanging loops.

To make the hanging loop, take your 2.5" x 4" strip, with right side down, fold the two long sides into the center and press. Then fold over again, so that you don't see any raw edges. Sew a top stitch down each of the long sides. Make one for each pot holder.

Take your strip and fold in half and pin onto the BACK of your pot holder. Sew a little less than 1/4" down from the top edge. Now you are ready to bind!
