

Jelly Roll Race

“A Race to the Finish Line”

A Fort Worth Fabric Studio Pattern
Designed by: Melanie Call

Finished size 51" x 64.5"

We made a few changes to the original Jelly Roll Race Pattern by cutting the jelly roll strips in half and sewing the strips together with straight seams! We love it!

Read all instructions prior to starting. Seam allowances are $\frac{1}{4}$ ". WOF = Width of fabric

Supplies:

Quilt Top - (1) Jelly Roll (40) 2.5" x WOF strips

Binding – $\frac{1}{2}$ yard

Backing – 3.5 yards

Cutting Instructions:

Quilt Top:

- Cut each jelly roll strip in half and trim off selvages. You will have (2) 2.5" x 21" pieces per strip. Total of (80) 2.5" x 21" strips.
Tip - You do not need to measure, just cut right next to the fold on each strip. It is okay if some strips are slightly longer or shorter.

Binding:

(6) strips 2.5" x WOF

Quilt Top Assembly:

1. Sew all (80) 2.5" x 21" strips –short end to short end to create a very long fabric strip- approximately 2.5" x 1640".

2. Trim off 9" from first strip- discard.

3. Fold long fabric strip in half lengthwise by bringing both ends together (fabric is right side together). Sew along entire length of strip. Cut along fabric fold. Quilt top is now 4.5" x 820". (2 rows)

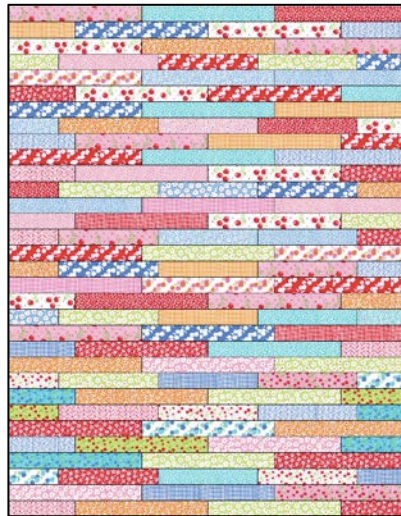

4. Repeat step above. Quilt top is now 4 rows.

5. Repeat step above. Quilt top is now 8 rows.

6. Repeat step above. Quilt top is now 16 rows.

7. Repeat step above. Quilt top is now 32 rows.

You have finished your Jelly Roll Race Quilt Top! Trim up edges.

Quilt finishing:

Baste, Quilt, and Bind with preferred method.
